

MEDICAL STAFF DEPARTMENT & QUALITY REVIEW COMMITTEE MEETINGS

It is required that all members of the Medical Staff are assigned to a Department. As a member of your assigned Department you are allowed to attend your Department meeting or your Quality Review Committee meeting. Below are the four Departments and the specialties under each department.

Department Meetings Information: Department meetings are slated to meet 5 times a year. The Agenda consists of quality metrics, policy and procedure review, order set review, Department Rules & Regulation review, privilege criteria review and other items as identified by the Chair.

Quality Review Committee (QRC) Information: QRC meetings are slated to meet 5 times a year. The Agenda consists of primarily case review for Peer Review. Following review by the members present cases are rated either standard of care met or not met, often times also resulting in opportunities for improvement in both categories.
