

# Medical Staff Update

August 2015

## ICD-10 Education: August 4 - 6

**Topic:** The Impact of Provider Documentation on Provider Quality Measures

**Presenter:** James S. Kennedy, MD, CCS, CDIP, Executive Certified Coder President - CDIMD Physician Champions

One-hour sessions will focus on specialty-specific concepts and educate providers on:

- How CMS and the state of California evaluate physician/hospital quality.
- The differences between the CDC's ICD-9-CM and ICD-10-CM/PCS terminology, emphasizing their impact on severity and risk adjustment used to evaluate physician and facility outcomes.
- Challenging clinical definitions of key terms in ICD-10-CM/PCS.
- Assuring the integrity of ICD-10-CM/PCS data impacting the measurement of patient outcomes.

*Approved for 0.5 CME credit.*
